

Equal Rights Institute Seminar

> April 16 - 19

Learn to be a pro-life advocate who thinks clearly, reasons honestly, and argues persuasively.

We are changing hearts and minds by discovering and teaching the most effective ways to dialogue with pro-choice people.

"ERI performs one of the best, most in-depth apologetics and dialogue trainings I have seen. If you enjoy convincing people to be pro-life, having the opportunity to participate in this training ought to excite you."

- RJ McVeigh, Director of Apologetics, Students for Life of America
